Forecast for Sunday 18 Sep 2022

Weather: Any early mist and fog will clear quickly, leaving a dry and bright start to Sunday. Cloud will increase from the north during the morning, with a chance of some scattered showers during the afternoon, mainly across eastern areas. Showers generally easing by the evening and overnight, but still a chance into Monday morning, with further patches of mist and fog developing into the early hours. Continuing to feel chilly in a fresh northwesterly breeze.

Chance of cloud-free hill tops above 800m: 80%, decreasing to 60% by late evening.

Low Cloud and visibility: Poor visibility in any early valley mist and fog, which may cover some slopes and summits as it lifts and clears through the morning. Cloud will generally be above the summits throughout the day, but may cover tops above 800m at times, particularly in any showers. Cloud will also gradually lower into the evening, covering tops above 600m by late evening. Otherwise very good visibility expected.

Valley	11/10	11/10	11/10	12/11	14/12	14/12	13/12	12/12	12/12
Freezing Level*	1600m	1600m	1500m	1800m	1900m	1900m	2000m	2100m	2200m

**Level above which ground is expected to be frozen/snow is expected to settle.*

Meteorologist's View

It will feel colder than of late, particularly near the summits, therefore extra clothing will be required including hats, gloves and waterproof outer layers. There could also be the odd patch of frost at first within sheltered spots on high ground and also within valleys.

Forecast for Monday 19 Sep 2022

Weather: A cloudy start to Monday with a continued risk of showers through the morning. Staying cloudy into the afternoon, with outbreaks of light rain possible for a time. Becoming drier, with cloud beginning to break up through the evening, leaving some clearer spells overnight.

Maximum wind: Northwesterly, 10-15mph with gusts up to 20mph.

Chance of cloud-free hill tops above 800m: 60%

Low Cloud and visibility: Low cloud will cover slopes and summits above 400m during the morning, but will lift to around 900m by midday. Cloud may lower to around 600m in any rain during the afternoon. Generally good visibility expected beneath the cloud cover, becoming poor in any rain.

Temperature: **Valleys:** Plus 10 Celsius, rising to plus 18 Celsius.
At 800m: Plus 5 Celsius, rising to plus 11 Celsius.
Freezing level: Above all summits.
